

Kentucky Girl

G *D7*
Kentucky girl are you lonesome tonight

G
Kentucky girl do you miss me

D7
Does that old moon shine on the bluegrass as bright

G
As it did on the night you first kissed me

D7
In a valley neath the mountain so high

G
The sweetest place in all the world

D7
In a cabin with vines on the door

G
Is where I met my Kentucky girl

Chorus

D7
I'm far away from old Kentucky tonight

G
And the blue-eyed girl that I love so

D7
But I'm heading home in the silvery moonlight

G
With open arms she waits I know

Chorus
