

# Pass the Booze

Intro: D7 G

G D7  
Been with friends all day it's no good I'm still lonely  
D7 G  
Seems that I just can't forget my one and only  
G C A  
So there's just one thing left to do if I intend to sleep tonight  
D7 G  
Put the bottle on the bar and let me do it up right

G D  
Please put the bottle on the bar where I can pet it  
D7 G  
And take my address down before I forget it  
G C A  
I've got a feeling someone's gonna have to take me home this time  
D7 G  
'Cause I'm gonna sit here till I get her off of my mind

G D7  
**My baby's gone gone gone**  
D7 G  
**And I'm alone so so alone**  
G D7  
**And I've got nothing else to lose**  
D7 G  
**So bartender pass the booze ,**

Please put the bottle on the bar where I can pet it  
And take my address down before I forget it  
I've got a feeling someone's gonna have to take me home this time  
'Cause I'm gonna sit here till I get her off of my mind

**Chorus**
